

Capability Statement

Ironclad Services Holdings, LLC provides PMO-driven subcontractor coordination, vendor readiness, and documentation control support for complex, multi-vendor project environments. We support prime contractors, EPC teams, operators, and program leaders by accelerating onboarding, reducing documentation gaps, strengthening compliance readiness, and improving workflow visibility—without increasing internal administrative headcount. Ironclad does not perform field labor or construction execution. We serve as the coordination and administrative discipline layer that organizes subcontractor and vendor activity to support efficient, audit-ready project delivery.

Core Competencies

- PMO-driven subcontractor coordination and administrative project support
- Vendor readiness reviews and onboarding acceleration
- Documentation control, compliance tracking, and file standardization
- Deficiency tracking, issue follow-up, and resolution coordination
- Multi-vendor workflow tracking and structured reporting
- Audit-ready record management and documentation oversight

Why Ironclad?

Ironclad brings structure, visibility, and control to subcontractor and vendor administration. By improving onboarding speed, strengthening documentation quality, and maintaining compliance readiness, we reduce administrative burden while supporting more organized, efficient, and audit-ready project execution.
